

Join the Oregon Premier Futsal Academy and become the complete player!

The modern soccer game has enormous demands on players where quick transition, tactical awareness, and technical proficiency is essential to become the complete player. Integrating futsal into the development of players will refine these essential skills. The OPF Academy provides a fun, professional environment that is player-centric and focused on individual and team development. Training sessions will be focused on each player's individual skills that will translate directly to their outdoor game. Each player will receive a player development plan for the season along with three player evaluations (pre, mid, post).

Frequently Asked Questions

What if I am already playing outdoor soccer?

Great! Futsal is a great way to supplement outdoor soccer, as most of the world's top players will tell you, futsal was key in their development as a player.

When are training sessions, how often, and will they conflict with my outdoor schedule?

OPF Academy teams will train once a week and have a set schedule, most likely on Fridays. In the winter, when outdoor takes a break, we will train twice per week. The day and time will depend on the age group and their outdoor schedules as OPF will work closely with outdoor clubs to avoid conflicts.

What is the OYSA Winter Futsal League?

The OYSA NW Futsal League is Portland's first city-wide futsal league created in a partnership between the top facilities and Oregon Youth Soccer Association. Teams will compete in a series of home and away matches providing the best level of competition for everyone.

Why should my player join the Oregon Premier Futsal Academy?

The modern soccer game has enormous demands on players where quick transition, tactical awareness, and technical proficiency is essential to become the complete player. Integrating futsal into the development of players will refine these essential skills. The OPF Academy provides a fun, professional environment that is player-centric and focused on individual and team development. Training sessions will be focused on each player's individual skills that will translate directly to their outdoor game.

How is the OPF Academy Program affected by COVID-19?

The safety of our players, staff and community are of utmost importance to us and we are adding safety precautions in all aspects of our business. Good news is that the quality of the OPF Academy Program is relatively unaffected by the COVID-19 pandemic. Historically, the first couple months of the OPF Academy training sessions are focused on technical development which fits perfectly with Oregon Health Authority's Phase 1 reopening plan. Once we reach Phase 2 reopening, aside from added safety measures, we will be able to return to normal training. We are very confident that we can reach our player development goals while following all COVID-19 safety guidelines.

What is OPF doing to protect your players, staff, and community from COVID-19?

OPF strictly follows all guidelines provided by the Oregon Health Authority regarding COVID-19 including social distance training sessions and face masks. For more details, please visit our www.opfutsal.com/covid19

Will I get a refund if we don't get to play games?

Of course! The winter futsal leagues don't start until November so they are far less likely to be cancelled because of COVID-19; however, in the event that the league is shortened or postponed OPF is prepared to offer refunds equal to the cost of the league entry fees. However, OPF will continue to work with players during training sessions and keep our promise of and high standards for player development.
